CLASSIC ALUMINIUM WORKS PVT. LTD.

WHO ARE WE?

Team Classic welcomes you to a world of architectural elegance. Our world class products and solutions open the doors to innumerable possibilities in both interior as well as exterior spaces. We partner with the world's leading specialist manufacturers to bring you the best in architectural products, engineering and consultancy. Our devotional services have benefited residential, corporate and real estate property developers and individuals looking for best solutions.

As a fenestration solution provider (at Window Planet), we offer a wide specialized range of Engineered Aluminum Windows - Euro Groove Windows, System Windows, Imported Windows, Slimline/ Minimal Windows along with upvc Windows, unique and extraordinary Aluwood Windows. We also execute (at CLASSIC) contemporary range of Glasses & Frameless Doors & Windows, Imported Slimline Partitions & Euro Groove Partitions, Glazings, ACP Cladding, HPL Claddings, Spider Facades, High End Aluminum Wardrobe Systems (first time in India), Automatic Entry Systems and much more.

We believe in giving you the complete and right solution so as to aesthetically enhance your interior & exterior spaces. Apart from all this, we also provide consultation & design services (our products only) while executing our products in your space. Collaborating with architects from an early stage, we make sure to deliver optimum solutions in designing and ensure that the quality standards are met and purpose is achieved.

COLOSSEUM COLLECTION

FINE GLAZE PARTITIONS

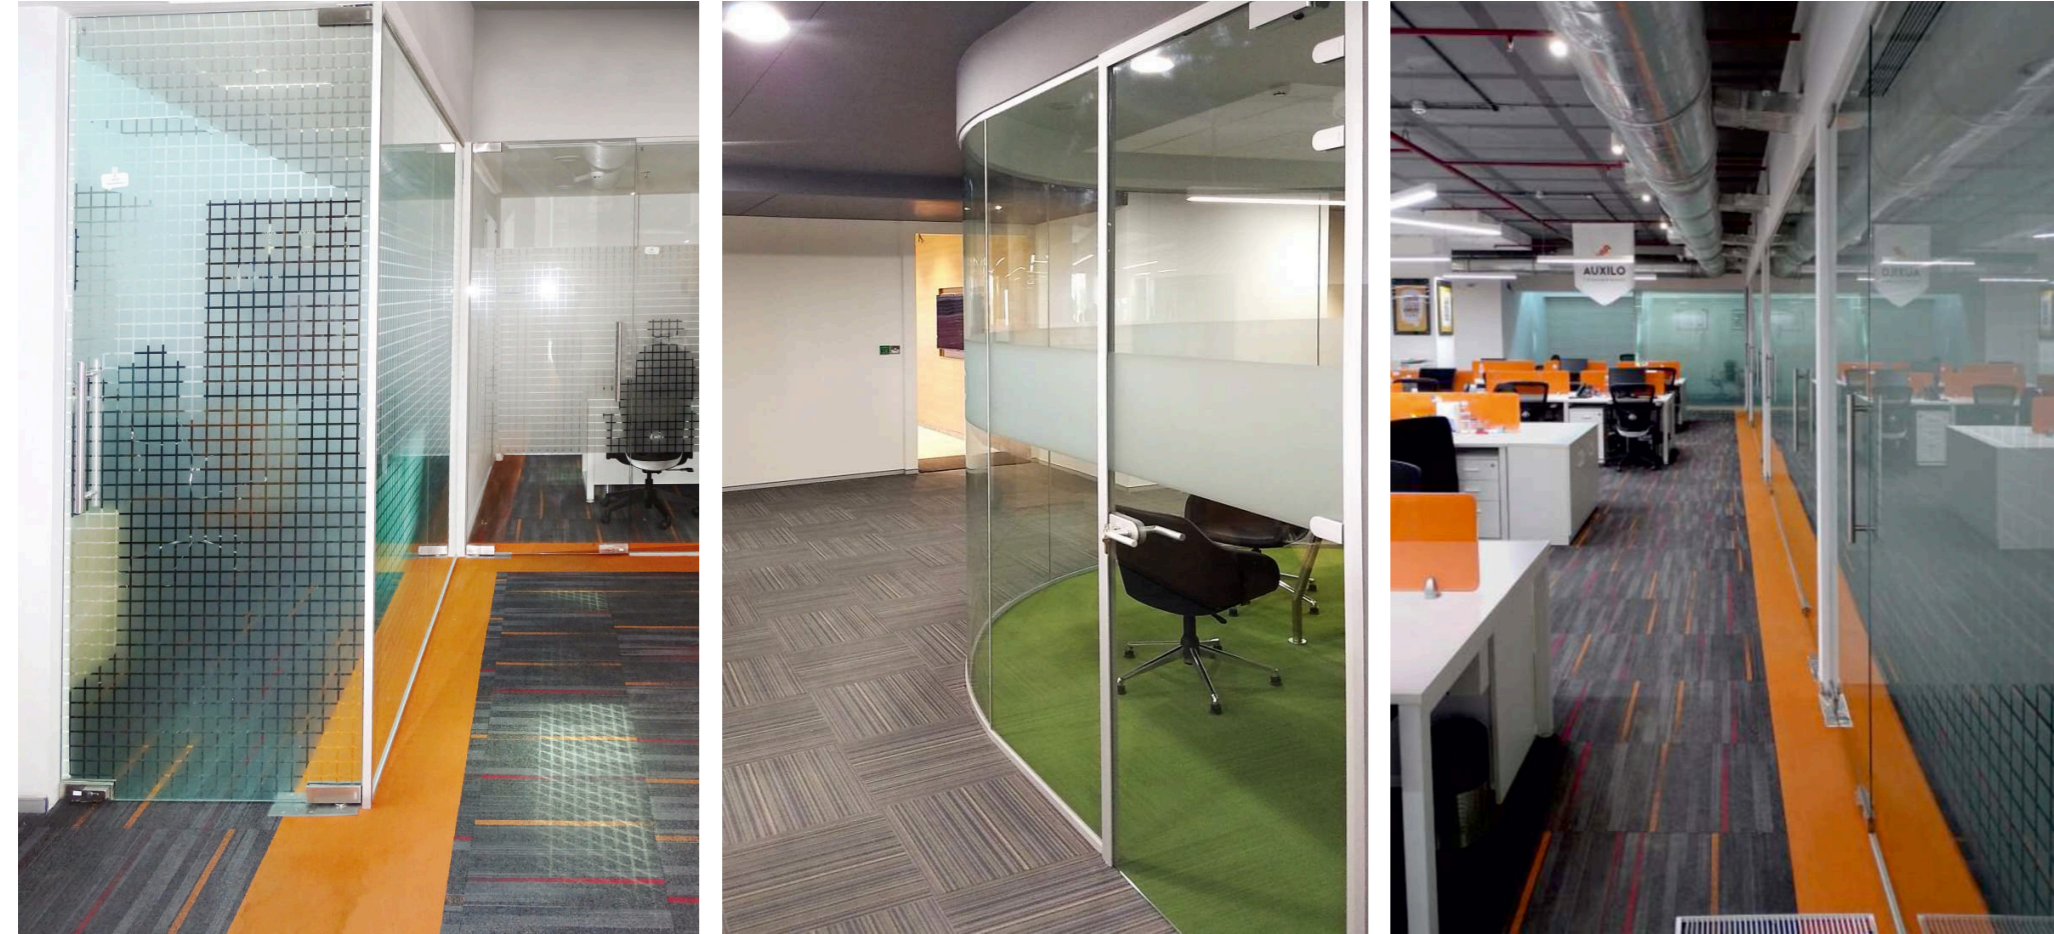

Classic's 'Colosseum Fine Glaze Collection' modular aluminum single glaze partition system offers a seamless look and lays more emphasis on the glass, which is both recyclable and lightweight. It consists of a section of dimensions 25mm x 25mm and 40mm x 25mm accompanied with a clip on system for easy glass installation.

FEATURES

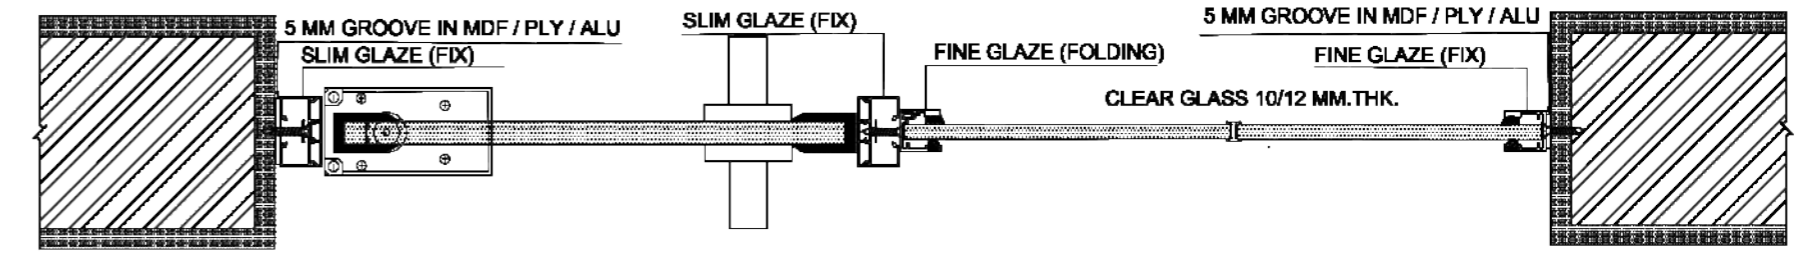

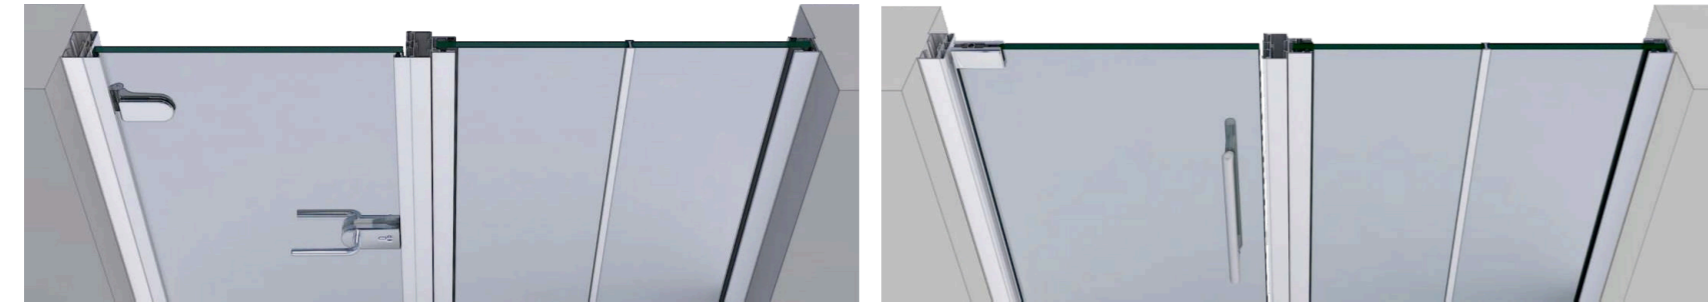

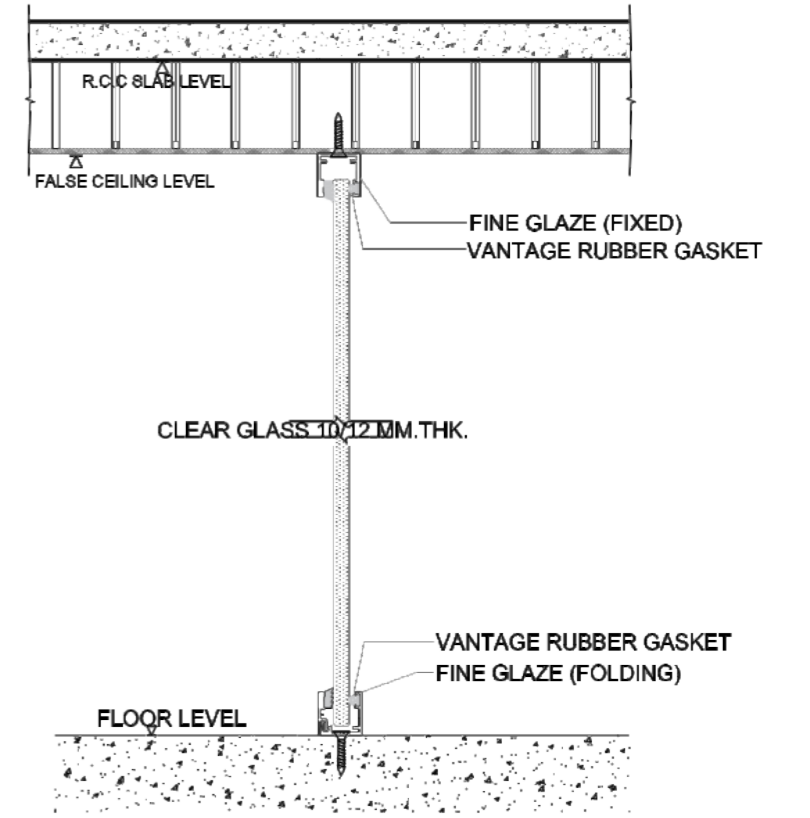

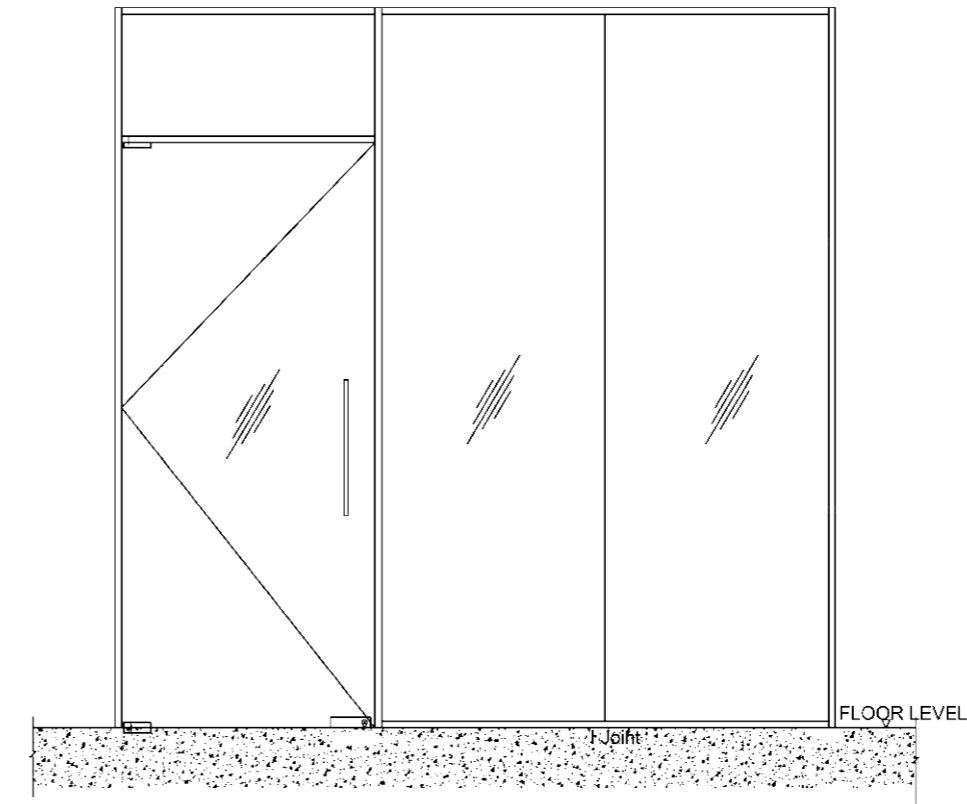

- Section Dimension: 25mm x 25mm and 40mm x 25mm
- Silver/ Any Colour Powder Coated Finishes are Available
- Glass Thickness Supported: 10mm and 12mm
- Single Glazing
- Acoustical Insulation: 32 dB
- Partition Height: Up to 3000mm
- Curved Profile Available

EIFFEL COLLECTION

SLIM GLAZE PARTITIONS

Classic's 'Eiffel Slim Glaze Collection' modular aluminum single glaze partition system offers a midway between a sleek and mechanically strong design while being cost effective. It consists of a section of dimensions 25mm x 45mm accompanied with a clip on system for easy glass installation.

FEATURES

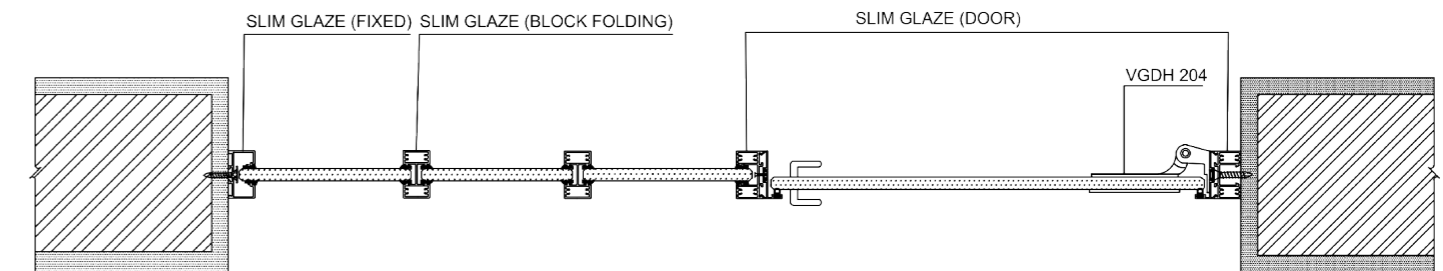

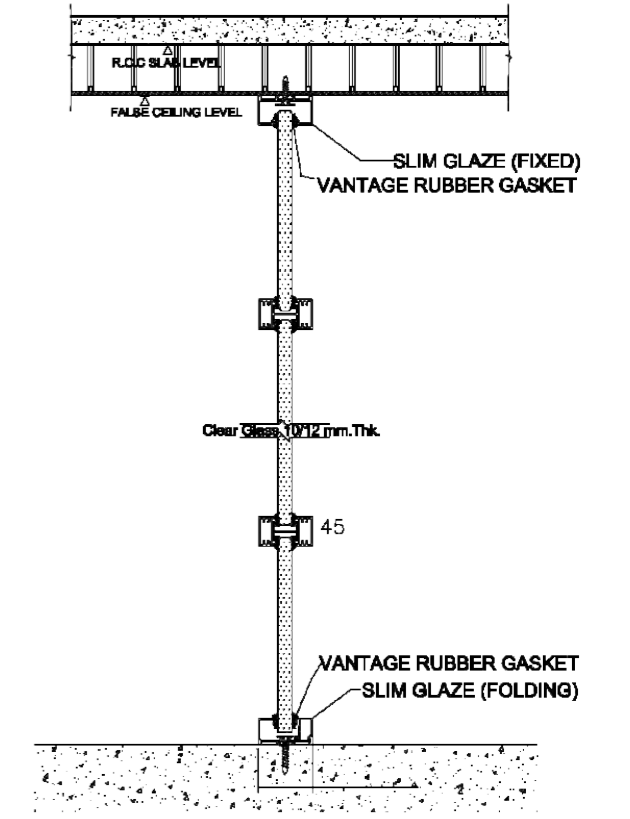

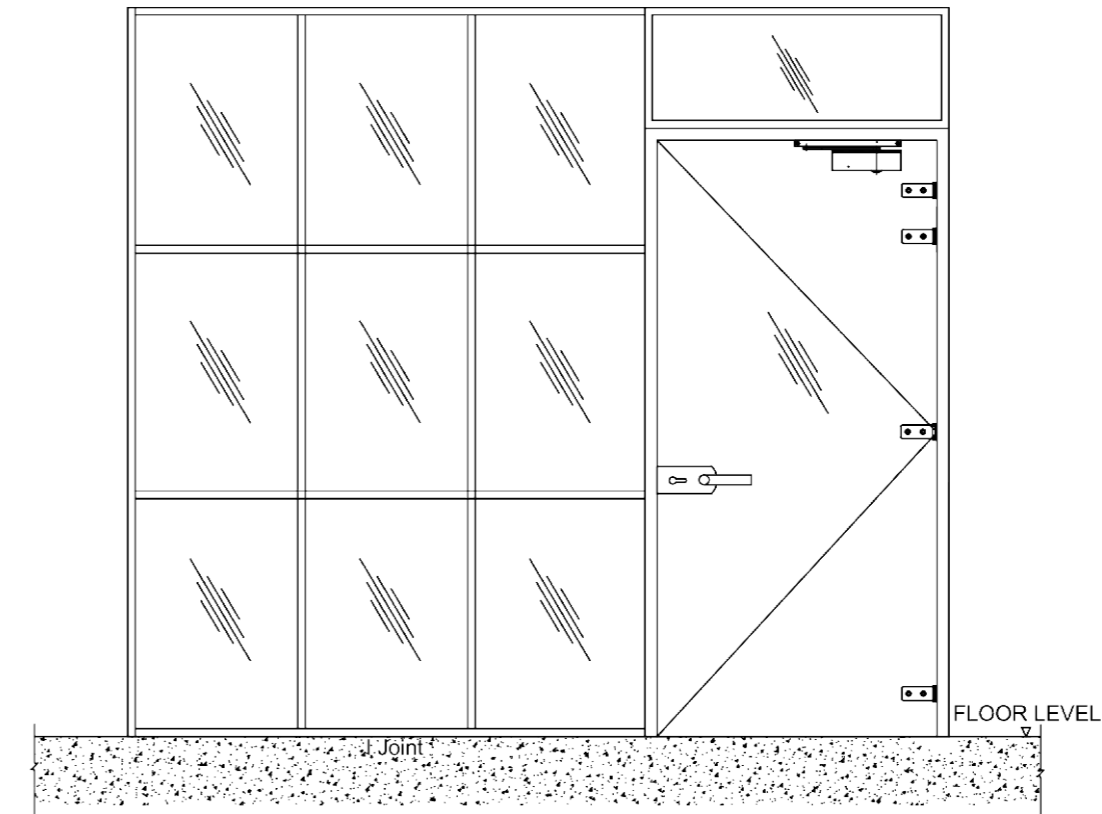

- Section Dimension: 25mm x 45mm
- Silver/ Any Colour Powder Coated Finishes are Available
- Can be used for Door Frame with Cover or Rebate Profile
- Glass Thickness Supported: 10mm and 12mm
- Single Glazing
- Acoustical Insulation: 32 dB
- Partition Height: Up to 3000mm
- Curved Profile Available

LOUVRE COLLECTION

SIDE GLAZE PARTITIONS

Classic's 'Louvre Side Glaze Collection' modular aluminum single glaze partition system is set apart from the rest as it is designed to place the partition glass at an offset from the center which gives a seamless look from outside the cabin while offering good strength due to its width. It consists of a section of dimensions 25mm x 53mm accompanied with a clip on system for easy glass installation.

FEATURES

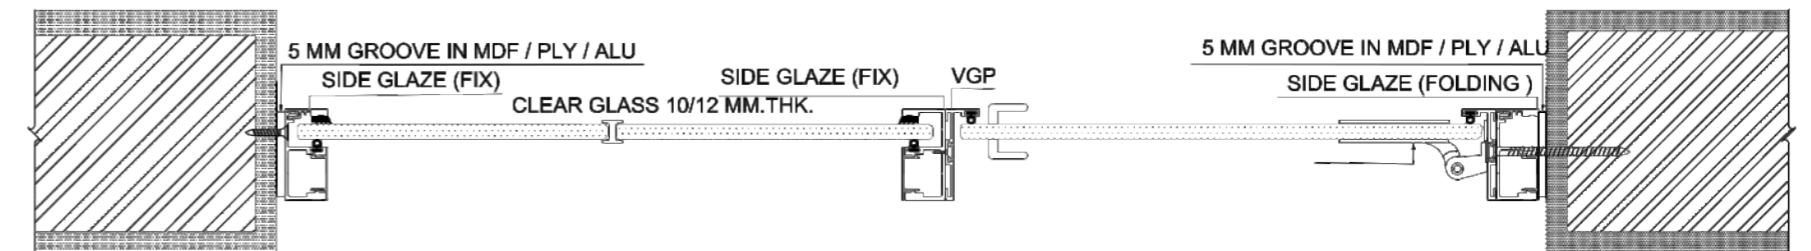

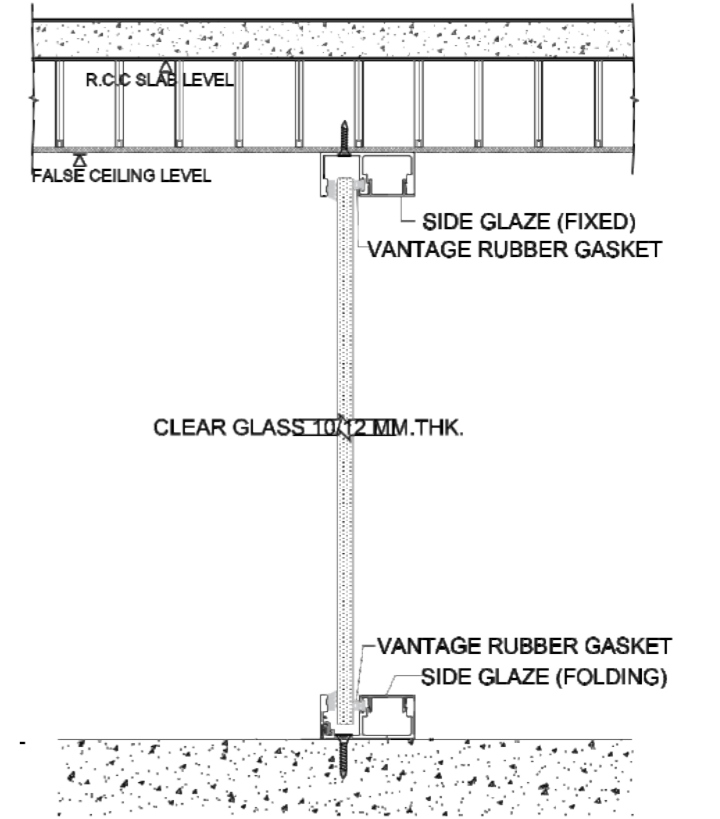

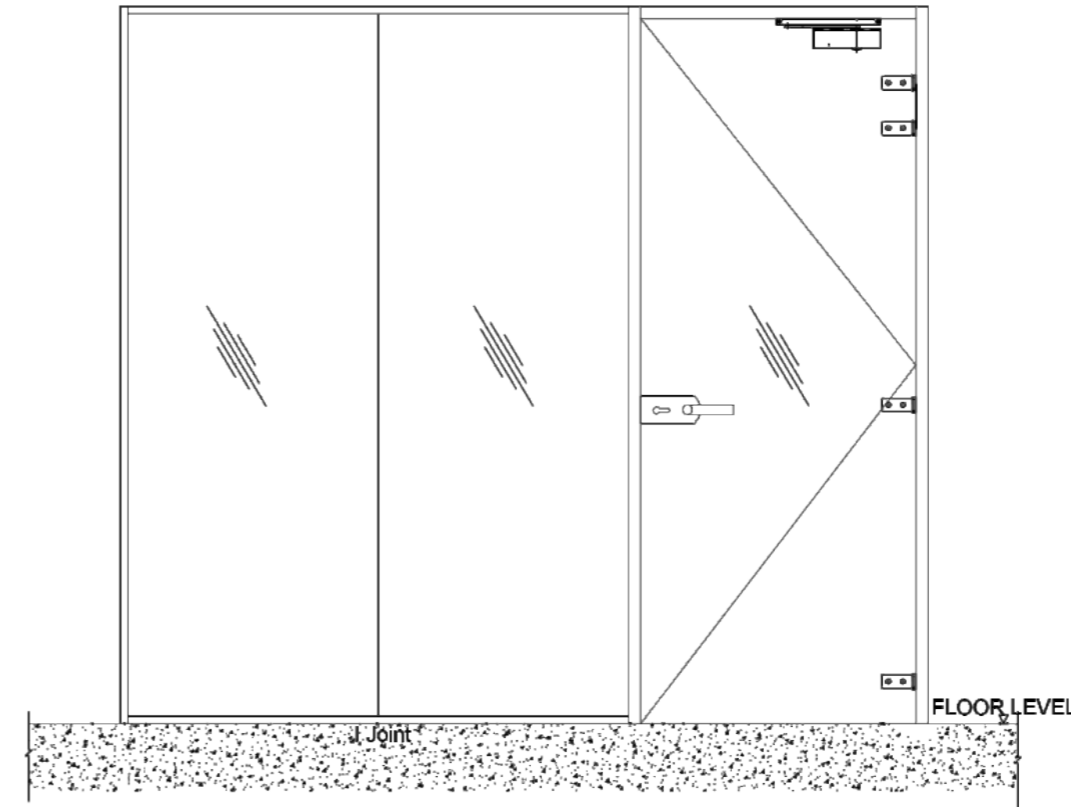

- Section Dimension: 25mm x 53mm
- Silver/ Any Colour Powder Coated Finishes are Available
- Can be used for Door Frame with Cover or Rebate Profile
- Glass Thickness Supported: 10mm and 12mm
- Single Offset Glazing
- Acoustical Insulation: 32 dB
- Partition Height: Up to 3000mm

PANTHEON COLLECTION

ULTRA GLAZE PARTITIONS

Classic's 'Pantheon Ultra Glaze Collection' modular aluminum single glaze partition system is designed to nullify any undulations that occur in gypsum partitions which are of 75mm width as an industry standard and tend to never be straight edged which steals from the aesthetics of the partition system. Due to its heavy section dimension the system offers brilliant rigidity. It consists of a section of dimensions 25mm x 80mm accompanied with a clip on system for easy glass installation.

FEATURES

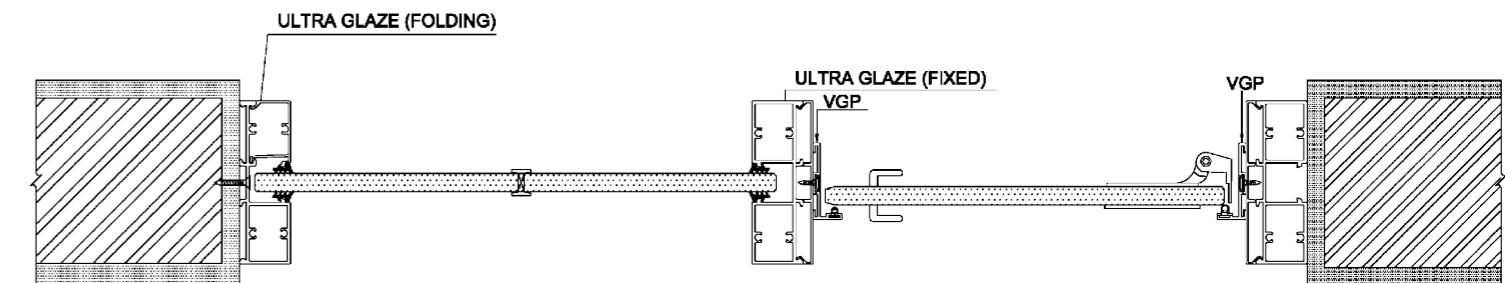

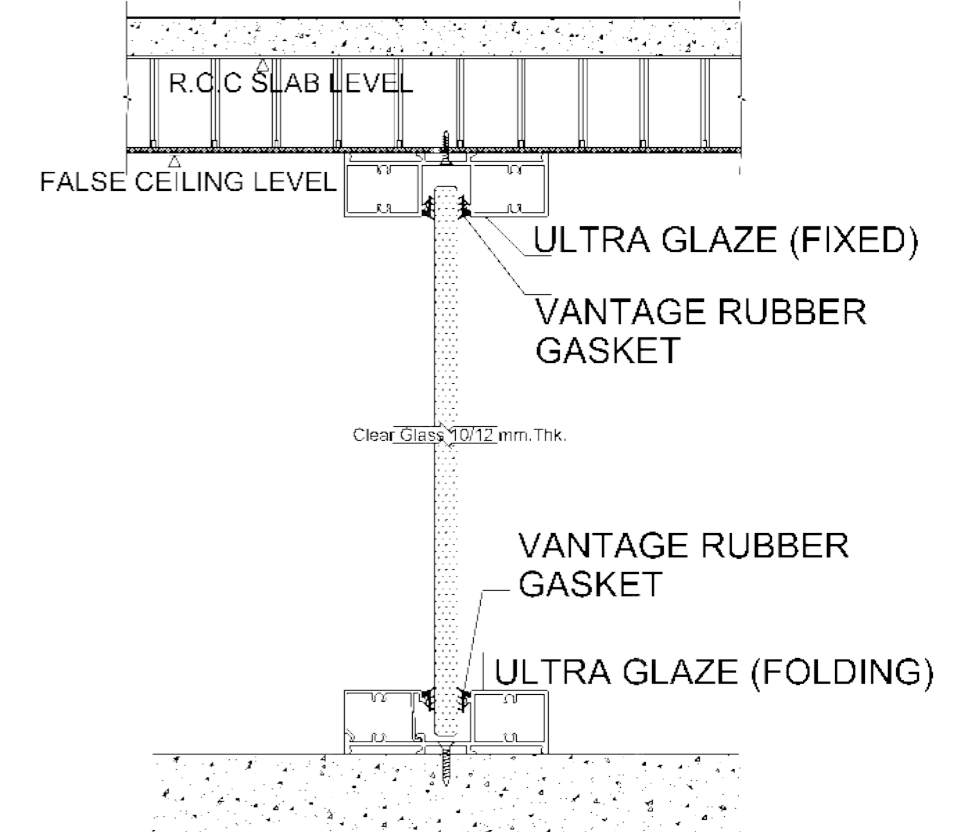

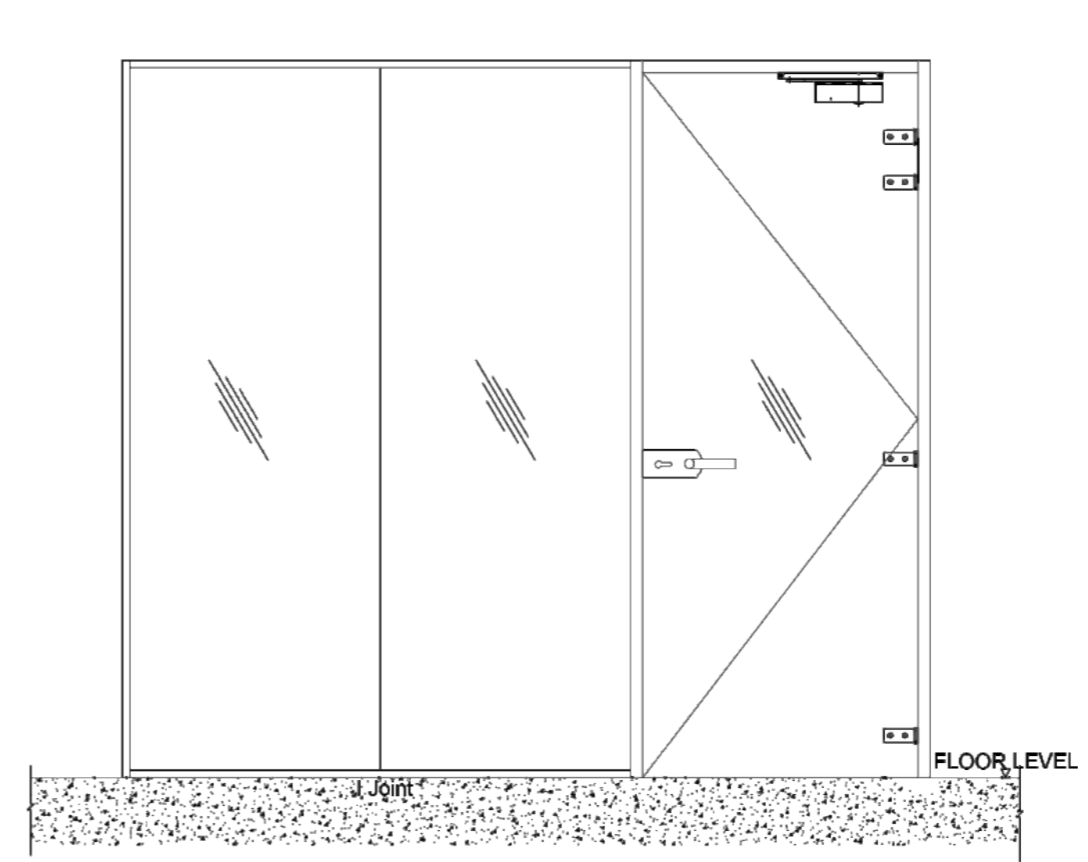

- Section Dimension: 25mm x 80mm
- Silver/ Any Colour Powder Coated Finishes are Available
- Can be used for Door Frame with Cover or Rebate Profile
- Glass Thickness Supported: 10mm and 12mm
- Single Glazing
- Acoustical Insulation: 32 dB
- Partition Height: Up to 3000mm

SISTINE COLLECTION

WIDE GLAZE PARTITIONS

Classic's 'Sistine Wide Glaze Collection' modular aluminum single glaze partition system offers the best rigidity and strength due to its heavy profile. It is also aesthetically pleasing due to its Glass to Section Dimension ratio. It consists of a section of dimensions 25mm x 100mm accompanied with a clip on system for easy glass installation.

FEATURES

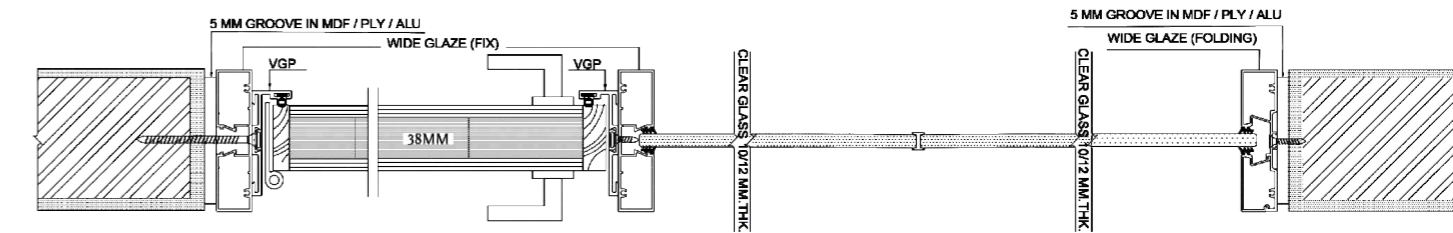

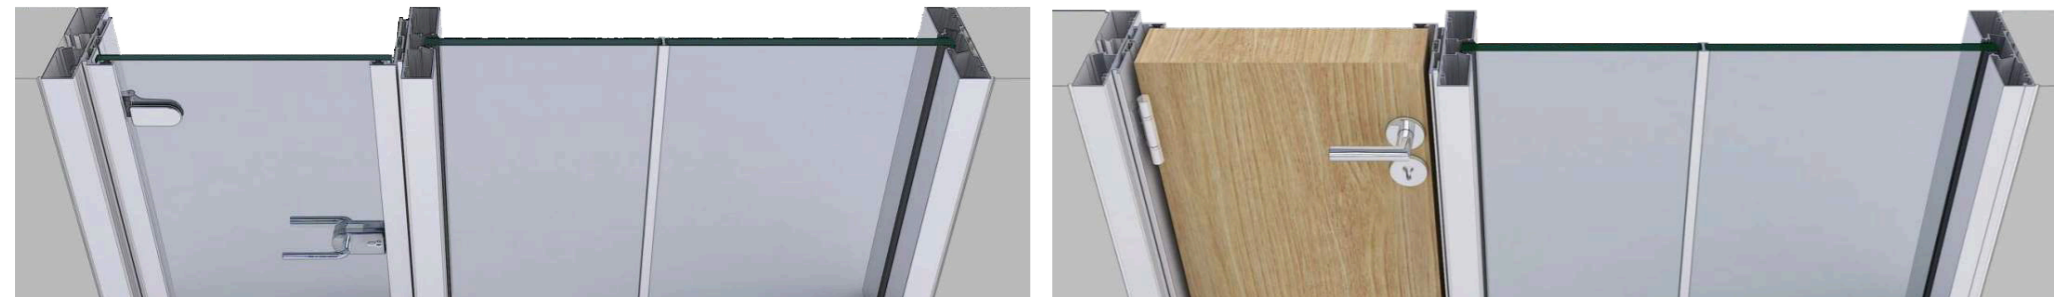

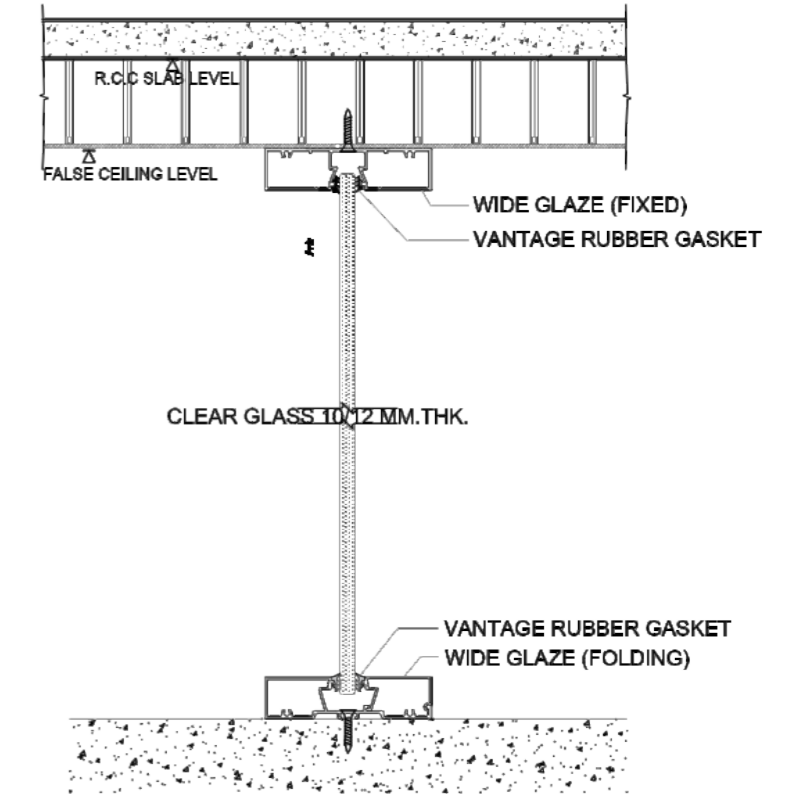

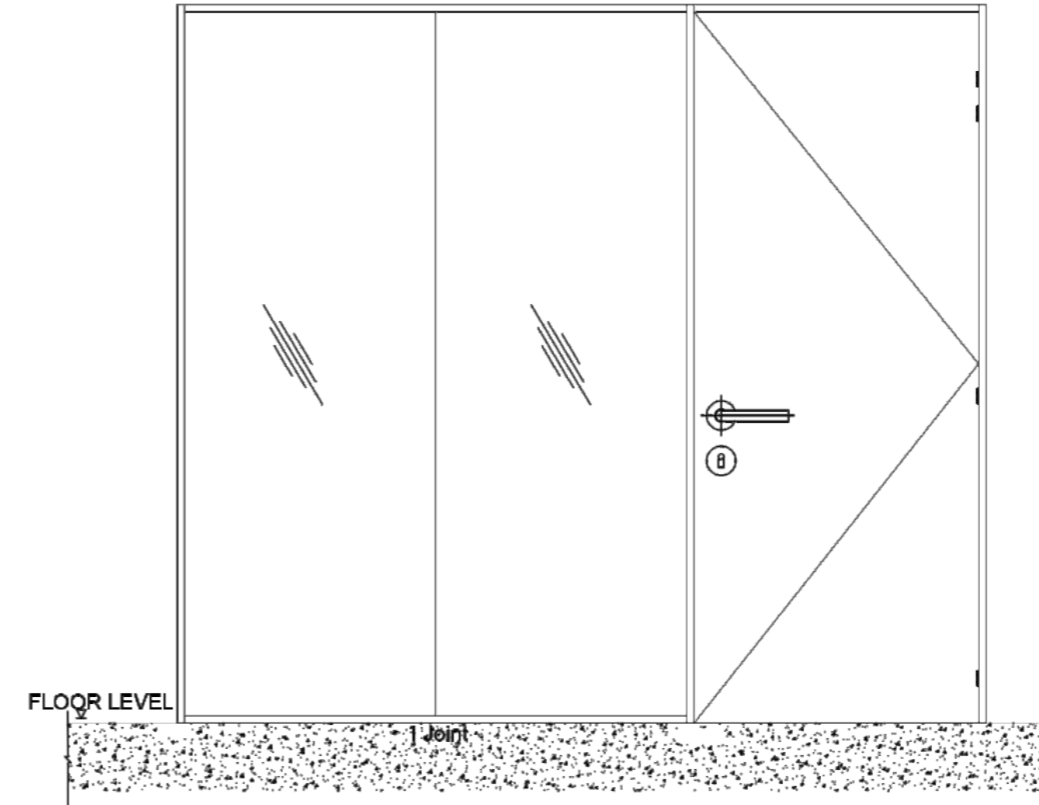

- Section Dimension: 25mm x 100mm
- Silver/ Any Colour Powder Coated Finishes are Available
- Can be used for Door Frame with Cover or Rebate Profile
- Glass Thickness Supported: 10mm and 12mm
- Single Glazing
- Acoustical Insulation: 32 dB
- Partition Height: Up to 3000mm
- Curved Profile Available.

ACROPOLIS COLLECTION

WIDE DOUBLE GLAZE PARTITIONS

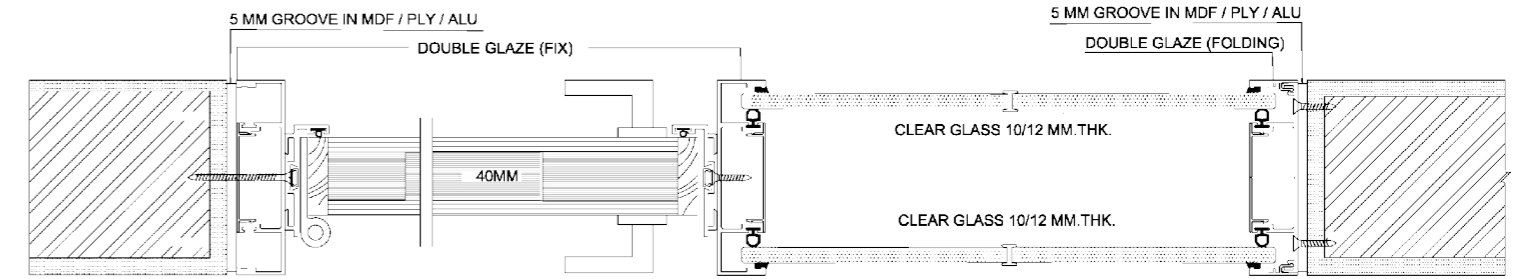

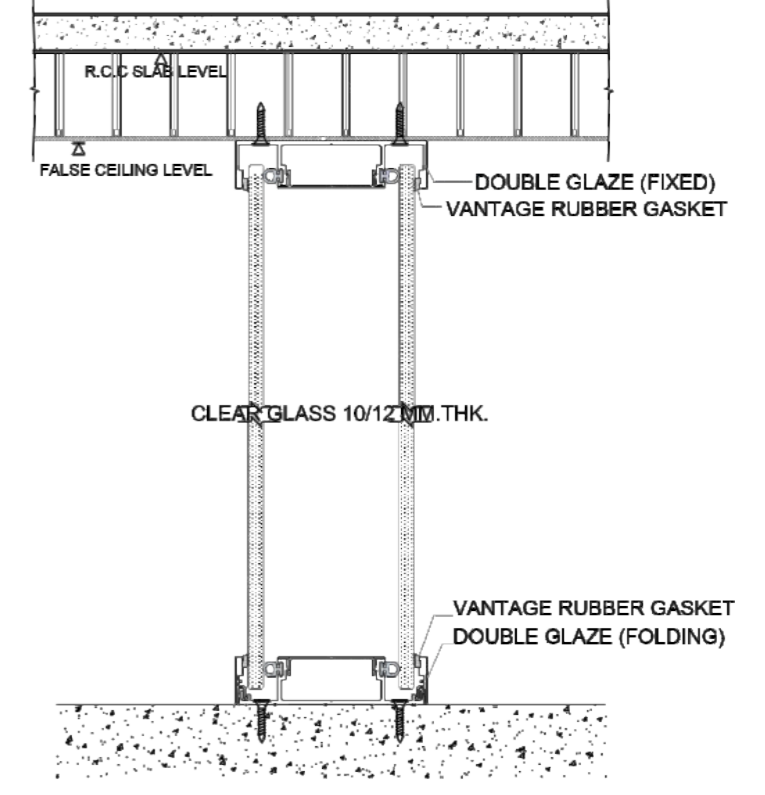

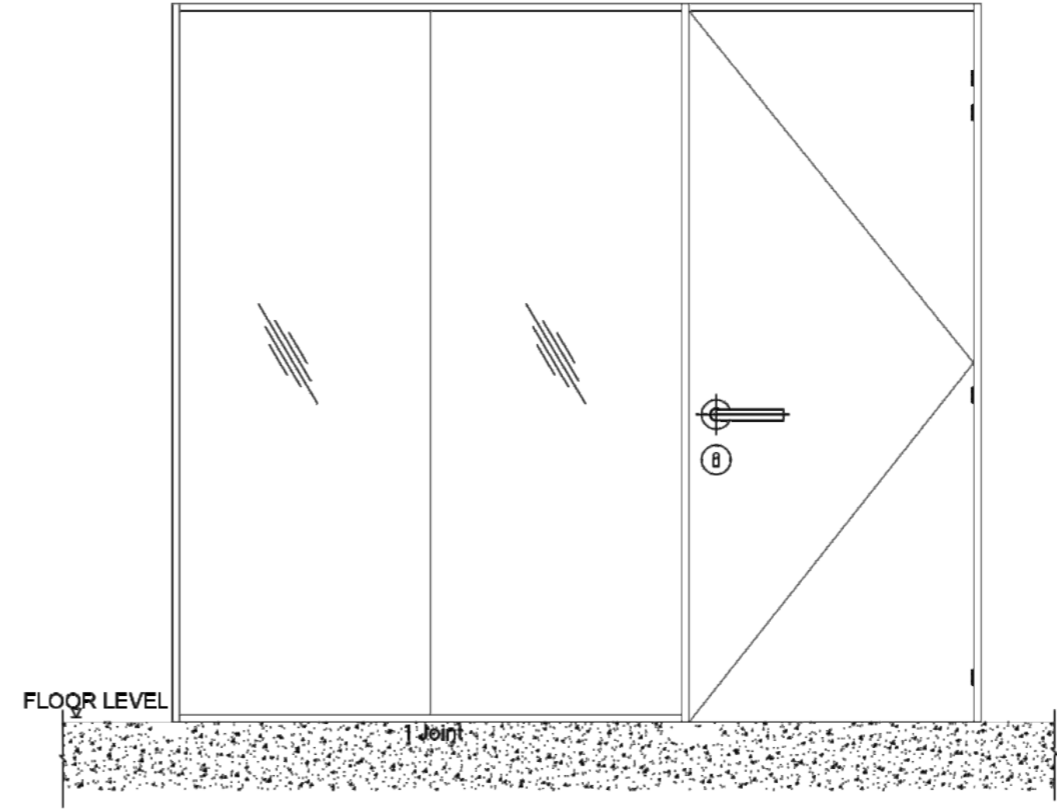

Classic's 'Acropolis Wide Double Glaze Collection' modular aluminum double glaze partition system offers high strength and rigidity. However, its main purpose is to provide the best sound insulation by adding an extra layer of glass and also an air gap between the two glass layers. It consists of a section of dimensions 25mm x 100mm accompanied with a clip on system for easy glass installation.

FEATURES

- Section Dimension: 25mm x 100mm (Dual Track)
- Silver/ Any Colour Powder Coated Finishes are Available
- Can be used for Door Frame with Cover or Rebate Profile
- Glass Thickness Supported: 10mm and 12mm
- Double Glazing
- Acoustical Insulation: 40 dB
- Partition Height: Up to 2700mm

BIG BEN COLLECTION

STYLE DOOR

Classic's 'Big Ben Style Door Collection' is the new alternative to the aging solid wooden door with similar sound insulation abilities but at a relatively better price. It can be used as a swing door as well as a sliding door. It consists of a 42mm x 75mm section dimension to be used as a four sided frame with a layer of glass within the frame.

FEATURES

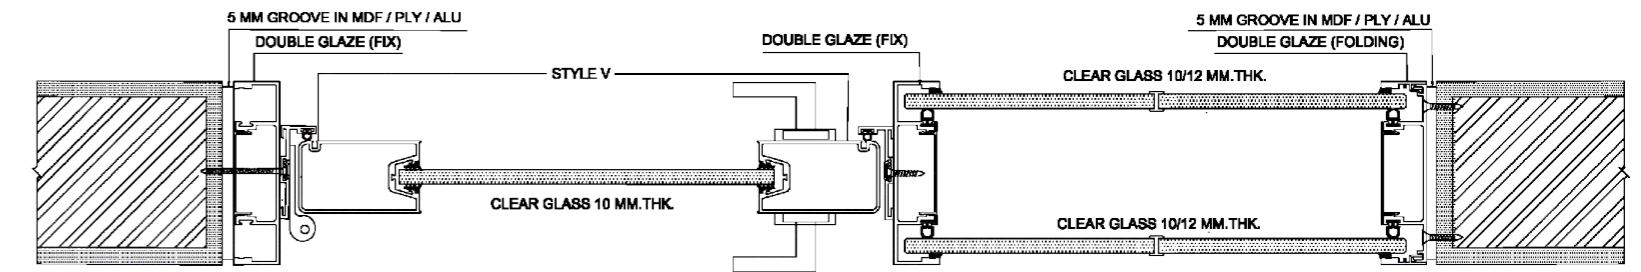

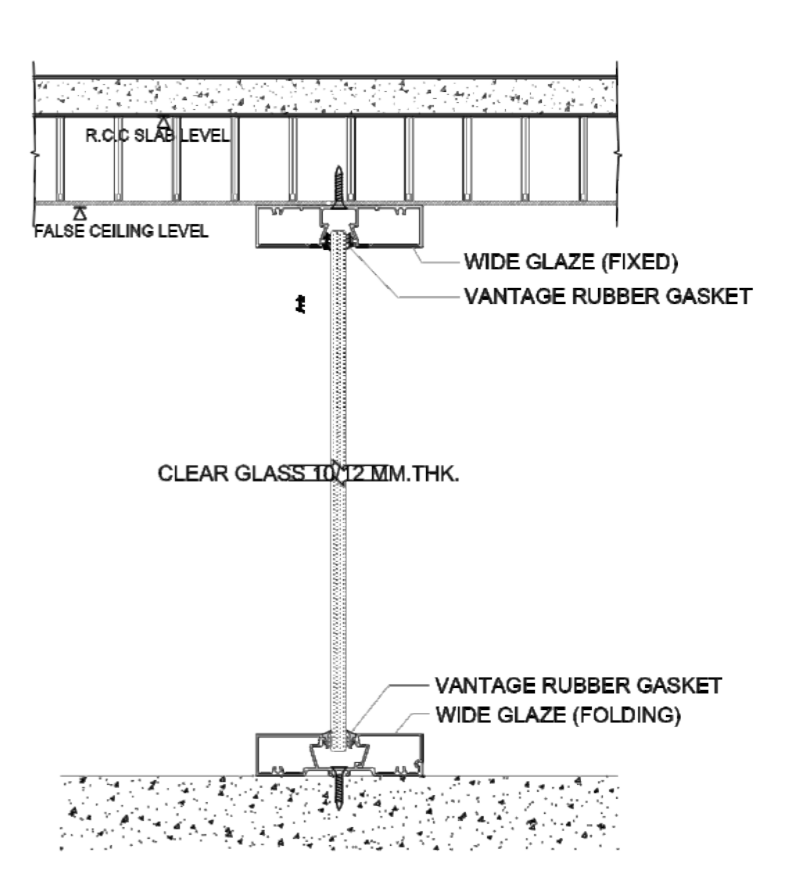

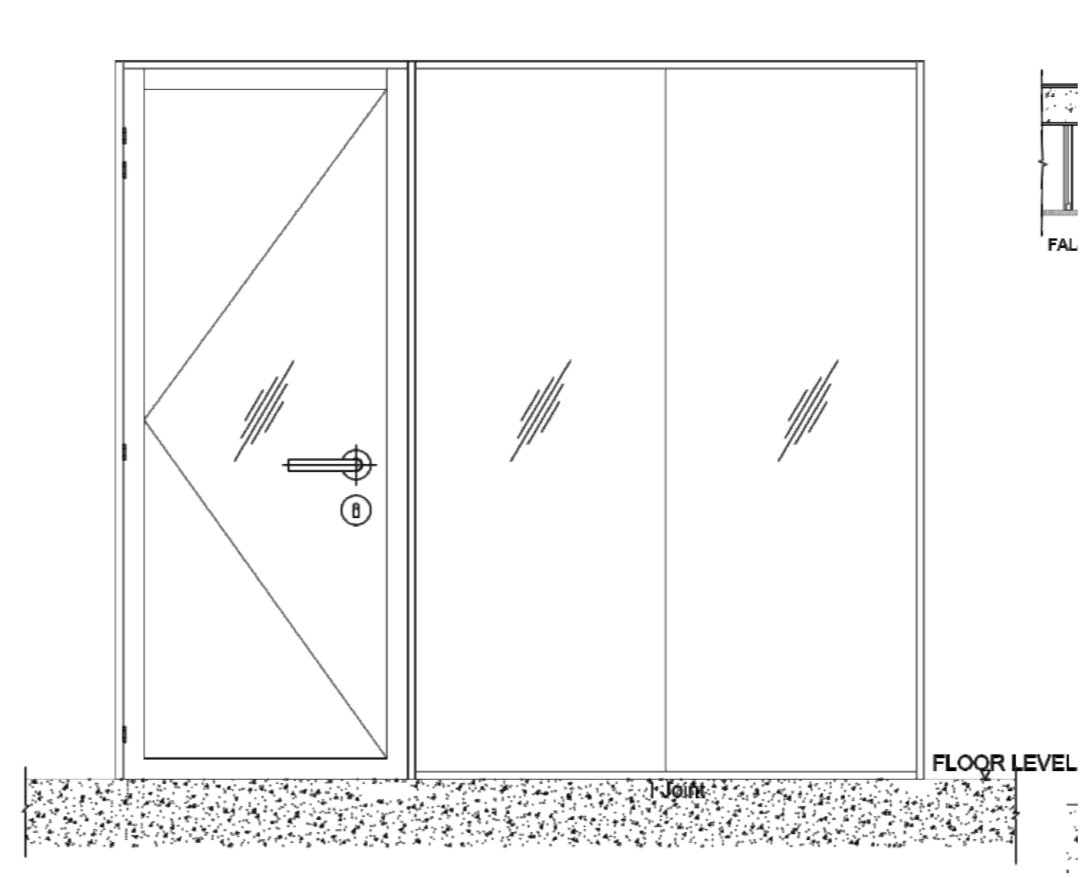

- Section Dimension: 42mm x 75mm
- Silver/ Any Colour Powder Coated Finishes are Available
- Single Glazed Door
- Glass Thickness Supported: 10mm
- Acoustical Insulation: 30 dB
- Maximum Single Leaf Dimensions: 2500mm (H) X 1000mm (W)
